

# Unimog U300 - Overland Camper

## £250,000

## Vehicle History

This Unimog was manufactured by Motorcraft Adventure Developments and delivered to the customer in July 2021. It was manufactured to the customer's specifications and amazingly this small but mighty mog sleeps 6 (Two Adults and four children). It has been used for two seasons and has performed flawlessly. It has been well maintained and is in a like new condition.

The U300 base vehicle can easily be converted to a LHD to suit European buyers. It is plated to 7.5t, so can be driven by anyone that has passed their driving test before 1998 or has completed a class C1 driving test.
